

Trauma Research Prize 2024

AOUK & I invite applications for a research prize of £1,000. This is open to all trauma, CMF surgeons and veterinary surgeons in training as well as operating room personnel. Entry is via submission of a 250-word abstract involving any aspect of musculoskeletal trauma (including hand, cranio maxillofacial, veterinary and spine surgery).

The abstract must involve research not previously published which the author has led as primary investigator.

Successful candidates will be invited to provide manuscripts for review and present their work at the AOUK meeting in October. The submitted work will be assessed for originality, presentation and clinical application. Closing date for applications is 31 August 2024.

Abstracts should be sent to:-
